

**We Logged** 39 ha = 14,000 cubic metres = 350 log truck loads = approximately 24,561 trees

**We Paid** \$1.2142 MM to local contractors and into the local economy. That's 12,142 of these!

1700 person days

**We are developing** 135 ha or 47,000 m3 of future harvest areas (and growing)

**We built,** upgraded and reconstructed 12 km of road. And 1 bridge.

**We Managed** our land base, and thought about ways to expand it.

2014

SNAPSHOT  
REPORT

**We Dispersed** \$52,000 in local small grants, plus more in firewood donations.

**We made Research Partnerships**

Toad Telemetry

Biomass supply study

**We worked with local Schools**

NES, LESS, NSS, Selkirk College = 138 students

**We Planted**

228,780 Trees = 170 hectares

(plus a few more by kids)

Thank you so much for showing our class how to plant trees
